Northstar Motor Insurance — Policy NS-MTR-1001

FICTIONAL TRAINING SAMPLE — NOT A REAL INSURANCE CONTRACT

1. Coverage

This fictional comprehensive motor policy covers accidental damage to the insured vehicle, subject to the exclusions, limits, deductibles, and conditions stated in this document.

2. Policy period

The policy period is 1 January 2026 through 31 December 2026, inclusive. A claim-causing event must occur during the policy period for coverage to be considered.

3. Own-damage deductible

For each approved own-damage claim, the insured is responsible for a standard deductible of INR 5,000. The deductible is applied to the assessed admissible loss.

4. Theft notification

In the event of theft, the policyholder must notify the insurer and the police as soon as reasonably possible and provide the police complaint or First Information Report (FIR), where applicable.

5. Claim documentation

The claimant must provide the completed claim form, policy details, vehicle registration certificate, driving licence of the driver at the time of the incident, repair estimate or invoice, and photographs where available.

6. Exclusions

Loss arising while the vehicle is used for an unlawful purpose is excluded. Damage occurring outside the policy period is excluded. Mechanical or electrical breakdown without an insured accidental event is excluded.

7. Assessment and decision

The insurer may appoint a surveyor to assess the loss. Submission of documents does not guarantee payment. The insurer must review coverage, exclusions, admissible loss, and applicable deductible before making a decision.
